Information collected when filling out an online form

Several forms are created to better suit the needs of the users of BTA and this website. These forms include, but are not limited to, the request route information, comment/suggestion, email newsletter, and incident report forms. Information collected from these forms is sent to an administration official in the Authority via email and also stored directly to a text file located on the server. All information on these forms is voluntary.

The information collected is used to meet the needs of the sender for that particular request. The information may also be used in the future to better meet the needs of our riders. BTA may use the personal information the user provides to report to that user any BTA-related information; for example, actions taken due to the filling out of an online form or promotional emails regarding service and upcoming events. You have the right to opt out of any service or information you receive via simple instructions listed on the promotional email.
